

COMPTON EDUCATION ASSOCIATION

NEGOTIATIONS with CUSD

The Compton Unified School District continues to refuse teachers the option to work from school or from home. CEA re-submitted its last and final counter proposal on August 21. No MOU has yet to be agreed upon. We thank

We
Teach
Compton

all of you for your support and will continue to keep you informed. We are currently awaiting future dates for negotiations

There are many ways to become involved in CEA. We have many committees that are looking for people including: social; organizing; human rights; communications; special education; PAR; safety; negotiations; elections; PAC; California Reads; grievance; membership; professional development; curriculum and instruction and contract language review.

CAR CARAVAN

Thanks to all of you who participated in the Car Caravan. We estimated that nearly 500 vehicles

showed up to let CUSD know that we remain concerned about our health and the health of our families.

Many of you had the opportunity to speak with the media to express these issues. We will fight on!
